40-hour RBT training completion

Autism Partnership Foundation certificate: 40-hour RBT educational training completed August 7, 2026. Completion of this course is not RBT certification. QR code, trainer identifiers and signatures are removed from the public copy.

Current RN practice status

> Luz has not yet taken the TOEFL English examination and plans to take it in the near future. She cannot currently practice as an RN. Her documented license is a Montana single-state RN license; it does not establish Florida nursing authorization. She is currently seeking nonclinical roles within her qualifications, not clinical RN duties.

Completion of 40-hour RBT training is not RBT certification.

Public credential files are privacy-redacted. Supporting records document education and training, not current permission to practice as an RN. Source documents retain their supplied language; the biography and accessible summaries follow your selected language.
